

Sugar On It

Lianna Rose

Give it to me straight,
Give it to me hard,
Put a cherry on top
In the shape of my heart,

Give it up,
Mmmm câ€™mon spit it out
I know somethingâ€™s been cooking baby
You look a little worn out

So please, put a little sugar on it
So please, drip a little honey on it
Sweet, sweet lies

Well you know me baby
I like my spice
But the words that Iâ€™m hearing
Donâ€™t taste very nice

Whooâ€™!â€™sugar
Whoo..â€™!..sugar

And as you dish me up
That woeful confession
Donâ€™t forget the cream

So please, put a little sugar on it
please, drip a little honey on it
sweet sweet lies
yeahâ€™!â€™!..sweet, sweet lies
