We Are Waiting

Geoff Moore & The Distance

We are waiting, waiting
All of Your people anticipating
Come hear our plea, we are down on our knees, our knees
Oh come quickly Lord, You're all that we need
Come find your people are waitingFrom all across the earth our voices can be heard
A chorus of the faithful calling to the word
A hymn of invitation, our humble offering
Come find Your people are waitingWe are waiting, we are waiting
All of Your people anticipating
Come hear our plea, we are down on our knees
Oh come quickly Lord, You're all that we need
Come find your people are waitingWith hands into the soil, and hearts toward the sky
We wait to hear Your call to draw us to Your side
But 'til that final day may You find us in the fields
Working with hearts that are waitingWe are waiting, we are waiting
All of Your people anticipating
Come hear our plea, we are down on our knees
Oh come quickly Lord, You're all that we need
Come find your people are waitingAs a mother awaits her baby, all of creation is ready
For the trumpet to sound and the heavens unfold
We'll rise from the ground to see You Lord
All of Your people anticipating
Come hear our plea, we are down on our kneesWe are waiting, we are waiting
All of Your people anticipating
Come hear our plea, we are down on our knees
Come quickly Lord, You are all that we need
Come find your people are waitingWe are waiting, we are waiting
All of Your people anticipating
Come hear our plea, we are down on our knees
Oh come quickly Lord, You are all that we need
Come find your people are waitingWe are waiting, we are waiting
All of Your people anticipating
Come hear our plea, we are down on our knees
