

GreyScale

Jesse Boykins III

The way it comes and ges,
I move with wvery breath you make
For all the case, I curse,
I go, I don't want no mistake
(Pre-)

Whenever we want the mates,
Readings integrate
An endless love
(
For earth, you know it feel,
It feels, you know it encounters us
The glow that grows deep within
The shelter we built to trust
(Pre-)

Whenever we want the mates,
Readings integrate
An endless love
(
The force is calling, the field is strong
The nature comes to say
The force is calling, the field is strong
The greyscale
(
Plundered by the all of you
A few of the truth is known
Whoever's real, I sense withing
So I need to hold on
Closed eyes skype through
Closed lips seek it through
An endless journey of love
I roam, I yearn, I fall, I trip
Into your open arms
Your tenderness, it brings the best
When we, we all alone
(Pre-)

Whenever we want the mates,
Readings integrate
An endless love
(

The force is calling, the field is strong

The nature comes to say

The force is calling, the field is strong

The greyscale
