Jumpshot (feat. Bexey & eMETA)

GhosteMane

(Ghostemane)
Take a jumpshot off a pussy boy back
grab the mic
put it back
and grab a baseball bat
put a nail through it
swing it till they don't talk back
ski mask,rock it while I fuck my bitch from the back
I'm a stone cold keeper with a Kurt Cobain demeanor
Mira me I'm no believer but I know what I believe in
when I die I'll be sent into a castle
made of kief and then ill keep on keeping on
take back to '99 with the real club hits
I don't ever go to to clubs unless I'm startin' mosh pita
Putra bitch on a torture table, tie up her wrists
throw a gag in her mouth
fuck her 'till her body splits

(BEXEY)
Everytime that piece of shit is
wanna fuck with a sacred species (hah)
you can never intercept me yuh
cause you in the deep end in the sea sea
singing singing bring in the men to watch the chicks check out like this when I really wanna fuck her like this
when I eat her, your from ibiza
when I answer, everybody in your era (YUH)
take a note drop, I don't care where you come from
I been in a ghost town, for to long and insane NOW
rain, rooftop boy
gaze out fucking hurt
brains out (bruh)
now I'm gone (bruh)
and I fell down (fuck bye)

(Ghostemane)
bout to take a jumpshot bitch pass me the rock
bout to take a jumpshot shot take a jumpshot
bout to take a jumpshot bitch pass me the rock (x2)
bout to take a jumpshot shot take a jumpshot

bout I take a jumpshot bitch pass me the rock
bout to take a jumpshot in my white reeboks
bout to take a jumpshot bitch pass me the rock

(EMETA)
told you she needed meta creeping in the mist
put the bird to the world we a bunch of misfits
smoking up canabis praying to the triple six
man all the non believers rott in the byss
let them suffer in their own piss I don't give a shit
I never really have lead chills down your shiz
as we creepin, as we creepin, as we creepin all the time
as we creepin, as we creepin, I'm losing my mind

(Ghostemane)
Take a jumpshot off a pussy boy back
grab the mic
put it back
and grab a baseball bat
put a nail through it
swing it till they don't talk back
ski mask, rock it while I fuck my bitch from the back
