

# Ever Open Door

## Supertramp

Sharing's good, sharing's fine  
But no one wants to share this world of  
Mine is dull, dark and gray  
And no one wants to find the way to  
My front door is always open to you Hey now life, you give a break  
For much more of this I cannot  
Take me to a far off place  
Where there's no rich or poor  
And every house has got an ever open door I wanna to find my direction  
Want my love and affection  
Yes I'm needing it more and more I wanna to find my own answers  
It's time I knew what my plans were  
I'm gonna find out what I'm looking for I'm gonna take all my chances  
Gonna make my advances  
I'm gonna see what my life has in store I've got a feeling inside me  
I'll put the past way behind me  
Pick myself up from the floor I want my sun in the morning  
Want my friends to come calling  
I'll keep a welcome outside my door
