Fools Gold

Gentry Morris

I've been working this mine
Tryin' to find me,
A silver lineing.
You sparkle and shine like lightening,
Your frightening me,
Your frightening me.

Cuz your Fool's Gold
Your shiney and bright,
But you will never change my life.
Fool's Gold, your shiney and bright
But you will never change my life.

Your pretty and knew
On the outside,
But you'll soon grow old.
Nd' I've been lookin at you,
On the inside,
And you're dark and cold
You're Dark and Cold.

Cuz your Fool's Gold
Your shiney and bright,
But you will never change my life
Fool's Gold, your shiney and bright
But you will never change my life.

I've been sifting through this sand for long enough,
When I find the one i love
She"d be the purest thing,
With a heart of Gold,
That I've been dreaming of.

But your Fool's Gold
Your shiney and bright,
But you will never change my life.
Fool's Gold, your shiney and bright
But you will never change my life.

Fool's Gold, your shiney and bright

But you will never change my life.

Fool's Gold, your shiney and brrriiiiiiiggggghhhhhhttttttttt.
