

Stuck (Young Luxenberg Club Edit)

Trey Songz

Yo, yo, yo Said she want love, I'mma hold you down
Said you needed a provider, well you got one now
Shooting stars pass by cause we up so high
Yeah, we up so high
Outer space don't have no time
And you know times fly
Yeah, you know time fly Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Ride till you die baby, you got the range
I watch you grow baby, I like the change
Stuck with me now like a permanent stain
Like a permanent stain
I go for you baby girl, can you blame me?
You took the beast out the jungle and tamed him
Stuck with me now like I'm under the table
Like I'm under the table
Now you in love with a real one
Stuck with a real one
Take a breath, relax
Cause the bills get paid on time
And I feel you pain like it's mine
We took the pieces and put 'em together
Won't let 'em come apart, no
Won't separate our hearts, no
Won't separate our hearts, no
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one
Now you stuck with a real one all of your life now
Now you stuck with a real one, girl, I'mma do you right
Girl, you stuck with a real one

Now you stuck with a real one
That's gonna do your body right every night
Make sure you can feel something real
Tell me how your kids do
What you had to eat
Girl I keep your tank full and you're never on E
