

Unicorn

Basement Jaxx

What I get is.

Jump in

Jump in

If you want a good good good vibration

Come and take a ride with me

Sit back down stop frontin'

Get your body jumpin'

Move yourself with me

A wild-like unicorn can't be free

Rewrite history

Let's leave what we believe

Jump in

Come on

Jump in

Jump in

If you want a good good good vibration

Come and take a ride with me

Sit back down stop frontin'

Get your body jumpin'

Move yourself with me

A wild-like you and me can't be free

Re-write history

Let's leave what we believe

(It's gonna be off the hook)

Jump in

Come on

Jump in

Jump in

It's gonna be

It's gonna be

Off the hook

If you want a good good good vibration

Wanna get high and actually

Get with the cosmic situation

Nothing lasts forever

Move yourself with me

A wild-like unicorn can't be free

Rewrite history

Let's leave what we believe

It's gonna be off the hook
Jump in
Come on
Jump in
It's gonna be huh
This is a sign that you've fallen in love
With life surely things change
Skies are so clear and then are we
It's gonna be a good time
Jump in
Come on
Jump in
Jump in
Jump in
Jump in
Jump in
Jump in
It's gonna be off the hook
