

# Liquid + Light

Chad VanGalen

We fly above the clouds and croups  
Well over top of the oceans of liquid and light  
Yeah, we don't fight it So don't let us grow old

Don't let us grow old

Don't let us grow old

Don't let us grow old We are too young

Way too young

We are too young

To follow you

So let's not believe it's true

Let's not believe

Let's not believe it's true

Let's not believe

Let's not believe it's true We fly above the clouds and croups

Well over top of the oceans of liquid and light

Yeah, we don't fight it So don't let us grow old

We are too young

Way too young

We are too young

To follow you
