

# Cel U Lar Device

## Erykah Badu

You used to call me on my cellular device at night  
You used to call me on my cellular device at night  
And I know when that hotline bling, that could only mean one thing  
I know when that hotline bling, that could only mean one thing Ever since I left the city you  
Got a reputation for yourself now  
Everybody knows and I feel left out  
Boy, you got me down, and got me stressed out  
Cause ever since I left the city, you  
Started gettin' dressed and goin' out more  
Glasses of champagne out on the dance floor  
Hangin' with some dudes I've never seen before You used to call me on my cellular device at night  
You used to call me on my cellular device at night  
And I know when that hotline bling, that could only mean one thing  
I know when that hotline bling, that could only mean one thing  
(Two and four, witness!) Some people just said let it go  
And on and on and such and such  
But they don't ride around with us  
No, no, no  
Ain't that too bad we love to hang  
And for a while, it stays the same  
But now you tryna change the game  
No, no, no You used to call me on my cellular device at night  
You used to call me on my cellular device at night  
And I know when that hotline bling, that could only mean one thing  
I know when that hotline bling, that could only mean one thing Late night when you need my love  
Late night when you need my love
