

Seven Lives

Enigma

Chill, chill, chill
Chill, chill, chill
Chill, chill, chillTraces, many faces
Lost in the maze of time
Blinded by the darkness
That's the start of the seven livesChill, chill, chill
Chill, chill, chill
Chill, chill, chillIt's too close, but still too far
Follow your inner guide
Show us who you are, are, are
In these seven livesChill, chill, chill
Chill, chill, chill
Chill, chill, chillTake it easy
Take it easy, take it easy
Follow your inner guide
Show me who you are
In these seven livesIt's too close, but still too far
Show me who you are
In these seven lives
Close but still too far
Show me who you are
In these seven lives
