

# The Blessed Dawn Of Christmas Day

Harry Connick, Jr.

The blessed dawn of christmas day  
As honestly as children pray  
The warmth that melts the eve away  
The holiness of alpenglow I rose to join the glorious morn  
Whose calm and splendor would adorn  
The virgin mother's infant born  
The blessed dawn of christmas day I pray one day my heart will see  
The light of god's eternity  
And know that jesus died for me  
Now close, my eyes  
So I may rise  
At blessed dawn of christmas day
