

Do You Remember

Ponchoman

I was just a little boy you, was just a little girl

Playing in the sunshine, living in a world where you and I could be

I said that I love you, and you said you love me too

Swimming in the water, under one canoe where you and I could be

Do you remember x4

My papa would never let me, and my mama would never tell me

Bout the birds and the bees, the flowers and the trees

My uncle only laugh, and my auntie only cry

Tutu she stay happy, cuz my sister stay hapai

My brother he stay cruising, and checking out the chicks

Manuela boy he not coming home for weeks

My cousin he stay lolo, he smoked the pakalolo

Took him out of school now he stay hale o pono

Hawaiians in the sun, we used to be as one...

Do you remember x4

I neva brush my teeth, I neva comb my hair

Puka in my pants, no more even unda-wear

We eat da lau lau, we eat da pickle mango

I catch the Opupalu, but my fishing line stay tangle

Trow blows wit da cousins, I crack um in da face

A'ole pilikia, no shame you come dis place

Lickens from da slippah, my maddah pull my ear

Busted from my faddah wen he caught me drinking beer

Checking out one chick, I neva know was my cousin

10 years later now I stay her husband

Shaka out da window wen I'm cruzin down da road

Braddah Bob Marley coming in from da cold

Surf instead of school, das wat we used to do

Do you remember x4

Wake up in da morning, we go kalua da pig

Put um in da imu in da puka we wen dig

My Portuguese neighba and my Japanese friend

My Filipino cuzin we go chicken fight again

We go pick Opihi and yeah we eat da Limu

We used to suck um up wen we used to drink da Primo

We poke da Pakuikui and da Yellow Eye Kole

How evrybody likes dat sweet sweet okole

Tutu names da keikis, dat comes into dis world

Another Jr boy and another Honey Girl

Hawaiians in the sun, we used to live as one

Do you remember x4

Kanikapila was the music that we played

Losing all traditions as Kupunas pass away

Hawaiians in da cells, some wish that they could tell
Of Lili'uokalani and da kingdom that had fell
I hear my people crying, I see my people trying
Some don't even know and they call themselves Hawaiian
I'm losing all da culture, I'm losing all da language
Gave it to the others, and now they took advantage
Hawaiians in da sun, can we live as one
Do you remember x4
