Limits Lie

Jamie T

It's flooding over you now, keep your chin up
I'm a hurricane
Came through the thunder, to drag you under
Make you take the blame
Remember me forever, I'm the weather
My tears are the rain
You're drowning together, I hope you're happy
Remember my nameWho knows where your limit, where your limit lies
You're given, what you're given and now the giver must dieI'm running, catching up girl, keep your feet up,
I'm straight to the vein
You fall through the floors, and you take it all, and now you feel the rain
Rolling down your cheeks, bleeding, dripping to your feet, keep breathing, stay with meWho knows where your limit, where your limit lies,
you're given, what you're given and now the giver must die
And the women, you've forgiven, who left you behind
Know your limit, where your limit, where your limit liesLump in a throat, too hard to swallow
I go, down cold for coming up tomorrow
I will, leave tracks, the footsteps back
From the attack where I trapped the love that I hadSaid, lump in a throat, too hard to swallow
I go, down cold for coming up tomorrow
I will, leave tracks, the footsteps back
From the attack where I trapped the love that I hadSaid, lump in a throat, too hard to swallow
I go, down cold for coming up tomorrow
I will, leave tracks, the footsteps back
From the attack where I trapped the love that I had
