

# Permanent Solution

## Noise Ratchet

You're looking out your window  
And think "He's better than me."  
Now your heart starts burnin',  
And think "My life is ending" Your mind is thinking, it's Jealousy.  
Now, turn and run away  
Your mind is thinking, it's killing me  
Now turn and run away  
Don't try to solve a temporary problem,  
With a permanent solution. Vanity
