Let's Hear It For Love

Smoking Popes

Let's hear it for heartache
Let's hear it for pain
Let's hear it for poison tears
That wash your dreams down the drainLet's hear it for sleepless nights
Let's do it again
Let's hear it for loveLet's hear it for, let's hear it for love
Let's hear it for, let's hear it for love
Pick your heart up off the floor
This is what you've been waiting for
Let's hear it for loveLet's hear it for promises
Something that's sealed with a kiss
Let's hear it for big mistakes
That you just couldn't resistLet's hear it for bucket seats
Let's try it like this
Let's hear it for loveLet's hear it for, let's hear it for love
Let's hear it for, let's hear it for love
Pick your heart up off the floor
This is what you've been waiting for
Let's hear it for loveLet's hear it for letting someone
Totally ruin your life
Let's hear it for love
Let's hope it's everything
You hoped it would beLet's hear it for jealousy
Let's hear it for hate
Let's hear an apology
Before it's too lateLet's hear it for cigarettes
Baby, you were great
Let's hear it for loveLet's hear it for, let's hear it for love
Let's hear it for, let's hear it for love
Let's hear it for, let's hear it for love
Let's hear it for, let's hear it for love
