

Pom Pom Play Girl

Beach Boys

Rah rah, pom pom play girl
(Pom pom play girl) You see her in a short skirt down on the grass
She's wonderin' if the team's gonna run, kick or pass
(Chi chi bah)
She doesn't really know why she's wavin' her hands
She's a thinking 'bout the boy sittin' up in the stands Rah rah, pom pom play girl
(Pom pom play girl) Just a little social clique with the other song queens
With a freshman or a sophomore she wouldn't be seen
(Chi chi bah)
She's a doll and she knows it and she thinks that her face
Will get her anybody, anything and any place Rah rah, pom pom play girl
(Pom pom play girl)
Chi chi bah Since she's the head cheerleader she dates the quarterback
And her best friend's going out with the full back
(Chi chi bah)
She might even run for an office this spring
And that ought to really make her telephone ring Rah rah, pom pom play girl
(Pom pom play girl) Chi chi bah, pom pom play girl
Chi chi bah, pom pom play girl Chi chi bah, pom pom play girl
(Shake it)
Chi chi bah, pom pom play girl
(Wave those pom poms all around) Chi chi bah, pom pom play girl
Chi chi bah, pom pom play girl
Chi chi bah
