

Can't Shut Up

Anthem Lights

We can't shut up....

We can't shut up....

We can't shut up....

I had a heartbeat

I was breathing

And I kept going and going

Without a reason

I was livin

Just to be livin

Until he really gave me life

This much I know

I am not alone

And I know I'm not the only one

Who's found the way home

Its not a secret

Don't have to keep it deep in side

Hey, hey are ya there?

We've been lookin for ya

Hey, hey are ya there?

We've been searching for ya

Hey, hey are ya there?

If your love is your song

Pass it on!

This is what we get up and sing

(We can't shut up)

We've got everything that we need

(We can't shut up)

Love is coming

Now we're free

We can't shut up about it

We can't shut up about it

(We can't shut up)

We've had a problem

But ain't calling Houston

You and I can solve it

We've gotta break the silence
We've been quiet for too long
We gotta wake up, wake up
Hey!

Hey, hey are ya there?
We've been lookin for ya
Hey, hey are ya there?
We've been searchin for ya
Hey, hey are ya there?
Let the lost and found
Let it out!

This is what we get up and sing
(We can't shut up)
We've got everything that we need
(We can't shut up)
Love is coming
Now we are free
We can't shut up about it
We can't shut up about it
(We can't shut up!)

This is what we get up and sing
(We can't shut up!)
He is everything that we need
(We can't shut up!)
Love is coming
Now we are free
We can't shut up about it
We can't shut up about it
(We can't shut up....)

Out of the darkness
And into the light
When the blind man can see
Its a beautiful sight
Out of the darkness
And into the light
When the blind man can see
Its a beautiful sight.....

This is what we get up and sing
(We can't shut up!)
We got everything that we need

(We can't shut up!)
Love is coming
Now we are free
We can't shut up about it
We can't shut up about it
WE CAN'T SHUT UP!

This is what we get up and sing
(We can't shut up!)
He is everything that we need
(We can't shut up!)
Love is coming
Now we are free
We can't shut up about it
We can't shut up about it

We can't shut up!...
(We can't shut up!...)
We can't shut up!...
(We can't shut up!...)
We can't shut up!...
(We can't shut up!...)
We can't shut up!...
(We can't shut up about it!...)

WE CAN'T SHUT UP!...

(Out of the darkness
And into the light
When the blind man can see
Its a beautiful sight...)
(Out of the darkness
And into the light
When the blind man can see
Its a beautiful sight.....)
