

rock + roll

EDEN

So tell me this is who you are
They tell me I've got something more
And oh, you could be loved
But I don't want the lights to find me when I'm dark and lost
But never on my ownCause I just wanna swing like Sinatra
Singing like I can't stop
Cause I could never rock like a Rolling Stone
I just wanna live like the ones before, yeah
And maybe I could play guitar like Hendrix
Or save the world or end it
And then maybe they'll remember me when I'm gone
That's all I could ever want
That's all I want
So I got ten minutes to be all or nothing
To whoever wants to hear
And I got ten weeks to talk bullshit on repeat until I'm burnt out and disappear
But I owe you nothing
And I own my luck
Oh they said you'll never be alone again
But I don't think you understand me or what I fearBut you could be loved
But I don't wanna lie to tell myself
I'm more than all the mistakes I've outrun
I'm only here for a minute
And I don't care what you say
Cause I know you're only here cause I'm winning
But I can be my own kind of rock and roll
I don't really care if you say you don't fuck with me
And I can say what the fuck I want cause it's down to me
And I got love for you even if you were doubting me
Like, oh my God, I just can't stopCause I just wanna sing like Sinatra
With ethanol my soundtrack
Cause I could never rock like a Rolling Stone
I wonder how it feels to burn out young, yeah
Cause I just wanna die before my heart fails
From heartbreak or cocktails
Then maybe you'll cry once you know I'm gone
That's all I could ever want
Oh, that's all I want, yeahCause I ain't scared of livin'
No I ain't scared of livin'

No I ain't scared of livin'Cause it's all we've got
What are we breathin' for if we ain't living?
And I don't want your love
I just wanna feel like I'm still livin'
And if there is no god
I know the day I die I lived through heaven
And that I gave it hell
And if it hurt, oh well
At least that's livingThat's all I want
That's all I want
