

Where You Wanna Go (Album Version) [feat. J-Son]

Mischa Daniels

Come here girl I can give you life
I can give it to you everything, they need me every night
and they ask me where we go, why you wanna know
listen to the record while you drop it on the floor I can take you where you wanna go, anywhere you wanna go,
take you where you wanna go, wanna go *hey*
I can take you where you wanna go, anywhere you wanna go,
we can go around the globe, 'round the globe *hey* Around the world, yeah I can take you there,
I got you girl, do it like you don't care,
and if you with it, I got it right here baby, come and get it
Come here girl I can give you life
I can give it to you everything, they need me every night
and they ask me where we go, why you wanna know
listen to the record while, drop it on the floor I can take you where you wanna go, anywhere you wanna go, take
you where you wanna go, wanna go *hey*
I can take you where you wanna go, anywhere you wanna go,
we can go around the globe, 'round the globe *hey*
I can take you where you wanna go, anywhere you wanna go, take you where you wanna go, wanna go *hey*
I can take you where you wanna go, anywhere you wanna go,
we can go around the globe, 'round the globe *hey*
