

# Should've Been Me (feat. Kyla)

## Naughty Boy

I need you bad, I need you bad  
I need you, I need you, I need you bad  
I need you bad, I need you bad  
I need you, I need you, I need you bad (shoulda been you) I needed a little space  
Honest, thought that you'd stay waiting  
I made my last mistake, hmm-mmm  
You're happy and I hate it And now I know that I spoke too soon  
Seeing how fast you made moves  
I want you so bad (now I know)  
I want you back, but you're gone All on my own, I miss you  
I know it's too late, can't handle that truth  
I want you so bad (now I know)  
I need you back, but you're gone It should've been me all along (shoulda been you)  
It should've been me every time I closed my eyes  
Yeah, I can see, those times where I used to be  
Well, oh God, it should've been me all along (shoulda been you) Well, this was that, it seems  
'Cause you don't think of me that often  
How could I let you leave me, yeah?  
Well, it's too late to stop ya And now I know that I spoke too soon  
Seeing how fast you made moves  
I want you so bad (now I know)  
I want you back, but you're gone All on my own, I miss you  
I know it's too late, can't handle that truth  
I want you so bad (now I know)  
I need you back, but you're gone It should've been me all along (should a been you)  
It should've been me every time I closed my eyes  
Yeah, I can see, those times where I used to be  
Well, oh God, it should've been me all along It should've been, should've been me  
It should've been me, should've been me all along  
It should've been me all along Hey, it should've been, should've been me  
It should've been me, should've been me all along  
It should've been me all along Hey!  
It should've been you  
Work hard and gi' you everything, boo  
Me tek you to me first Sting too  
Tek you, tek your virginity like Indu  
(It should've been you) me guess a so the thing go  
A want brand new girl me a sing too  
Different man you go swing to

Him go buy a fake ring too  
Oh, should a never take me for granted  
'Cause it should've been you all along  
Now me know you feel like you haunted  
Me a drive you crazy like a Vitara van  
Gyal, you know you shouldn't leave all along  
Pretend like you're happy, you'll a grieve all along (supposed to get married)  
Cho, you mash up the plan  
A next gyal a watch out your man (shoulda been you)It should've been me all along  
It should've been me every time I closed my eyes  
Yeah, I can see, those times where I used to be  
Well, oh God, it should've been me all alongIt should've been, should've been me  
It should've been me, should've been me all along (yeah)  
It should've been me all along, ooh yeahIt should've been, should've been me
