## **Candy Love**

## **Jean Carne**

Candy candy the taste of love

Its half past ten and you start to shove

With spicy boys

And girls it's on you

The groove is on

So don't be cruel

Candy candy makes you hot

Our capacity burns the quality shocks

The flavour is good

I'll give you some more

It was once a phantasy

Candy love
It's a candy like this
Candy love
Candy candy it's eleven o'clock
The time is right to fall in love
With spicy boys
Girls it's on you
Music can be like an insanity
Its my life a stronger philosophy
It doesnt matter what style we are doing
Crossover, nu rock, hip hop oder scheisskram
