Lhabia

Deftones

Somewhere, outside
There are tricks, and evil
Holler, downstairs
While I driveI want to watch you buttercup coming through the fogDying of boredom
I'll try it allSixteen, olive
Bound by a voiceI don't want to go but I want it well at least you fucking careDying of boredom
I'll try it all
I'll be faint
Like a crookIt looks and feels great but look at what It's doing to you
But that's ok look at how it feelsDying of boredom
I'll try it all
I'll be faint
Like a crookIt looks and feels great but look at what It's doing to you
But that's ok look at how it feels
