Do Things to You

Patrice

I will to things to you
(I will to things to you)
I will to things to you
(I will to things to you)
I will to things to you
(I will to things to you)
I will to things to you
(I will to things to you)I will to things to you
That will make rich
That turn your life golden now picture this
Make you sing those songs you didn't know exist
The ones where you don't move your lips
Though you move your hips to it
Make you smile
A smile that holds a secret 'cause this is wild
When we speak we'll be speaking all through the night
And we'll be reaching deeply deep down inside
And you won't ever feel the need to say "love you too"
'Cause we don't need big words since we know the truth
You want proof?
Went down to the market to get you a fruit
Invite you for a walk through the grass whitout shoes
Catch the groveI will to things to you
I will to things to you
I will to things to you
I will to things to you
I will to things to you
That will make you shine
'Cause when you truly love, you become divine
So take my hand and let us cross the line
Let us go beyond where your skin touch mine
I will do things to you
That will make you scared
'Cause the feeling's so big
No part of you is spared
It seems heavier than one woman could bear
Make you feel so light you lift up in the air
Loose yourself in a world that only lovers share
You'll be compelled by how green the green is there

It is seldom that people be meeting here
Please let me do these things to youI will to things to you
(I will to things to you)
I will to things to you
(I will to things to you)
I will to things to you
(I will to things to you)
I will to things to you
(I will to things to you)
