Heavy Prey

Flyleaf

Who sent me here?
Betrayed by a kiss
Hurry finish
You wasted your chance, I?m provoked
So I bleed, till it is finished
And I prove that my needs, have revoked
And I won?t repent from this
I won?t repent from this
Blood is binding
Love you were meant for this
But you weren't meant for this life
By dying
I won?t repent from this
I won?t repent from this
Blood is binding
Love you were meant for this
But you were meant for this love
You?re my flesh and blood
You?re my flesh and blood
You?re my flesh and blood
I?ll never feel at home
Anywhere, anywhere you go
And when you stay around
All your questions they start to grow
They won?t give you all the answers
And they lie about what they don?t know
But I won?t repent from this
I won?t repent from this
Blood is binding

Love you were meant for this
But you weren't meant for this life
By dying
I won?t repent from this
I won?t repent from this
Blood is binding
Love you were meant for this
But you were meant for this love
You?re my flesh and blood

You?re my flesh and blood
You?re my flesh and blood
You only know my heart when it's cold
But it burns when I hear my affection in your voice
Don?t you see all my soul that is yours?
When you stand in the truth, all for you
I won?t repent from this
I won?t repent from this
Blood is binding
Love you were meant for this
But you weren't meant for this life
By dying
I won?t repent from this
I won?t repent from this
Blood is binding
Love you were meant for this
But you were meant for this love
You?re my flesh and blood
You?re my flesh and blood
You?re my flesh and blood!
