Love Me Right

Dojo Cuts

I won't even think twice
There's no reason to be shy
Oh I, I can't lieDon't mean to bother but I wish
That you would give it to me right
(Right)
I'm not the type to holla
But somehow you know just what I like
(What I like)Oh yeah bae, oh yeah bae
You don't know how hard I try
(Hard I try)
Oh yeah bae, oh yeah bae
Just come on and love me right
(Love me right)Sometimes it's long before I'm home
I spend the late nights on the phone
(Phone)
No castle waiting in the sky
We make believe that we're alone
(You and I)Oh yeah bae, oh yeah bae
You don't know how hard I try
(Hard I try)
Oh yeah bae, oh yeah bae
Baby, you can love me right
(Love me right)I get caught up when I'm stressed out
I need a place to unwind
Some pushing, pulling anyway
You had me dreaming all the timeOh I, I've never found someone
Who'd fulfill my every need
It's someone gorgeous
It would be you, youOh yeah bae, oh yeah bae
You don't know how hard I try
(Hard I try)
Oh yeah bae, oh yeah bae
Baby, you can love me right
(Love me right)Oh yeah bae, oh yeah bae
You don't know how hard I try
(Hard I try)
Oh yeah bae, oh yeah bae
Baby, you can love me right
(Love me right)[Incomprehensible]
