

In a Place

[Steve Smyth](#)

In a place not far from now, I'll be sitting next to you
Channeled by your footsteps in the way you move your lips
Time is of the essence
Find my hand on its fingertips
Smelling your aroma
Coffee, Natalie Speak to me with a look and it can devour on the rooftop of the kingdom where a man
Losing mind Take me away from this land
Take this crown
Find a place where the warm breeze blows
My harp will be my chest
Carousels and ruby skies lighten all that can be made
Are all over your shoulder
Rob me from the damned
Speak to me with a look it can devour on the rooftop of the kingdom where a man
Losing mind
You'll lay me down
Beneath this fire, the rolling tide
But locked inside the darkness to the curtains as our cover We wash ourselves in this place where we both know
the bloodshed from many battles
For to go Ohhhhhhhhhhhhhhhhh
