Girlfriend

Eve 6

You're really gone, girlfriend
The dryer's on, amen
And I'm alone for the first time
I walk away now, I walk away now
You left a sock, girlfriend
Where's the pair, broken
Are you aware, that I'm missing you
I walk away now, I walk away now
But I can't run to you no more
To catch me when I'm falling
Well I know I have to let you go
But I will not be broken
No, I will not be broken
But keep the slowly fading memories
This place is strange, empty
You did your time, plenty
And the walls are bare
Where your pictures hung
But I can't call you up no more
And no we can't just be friends
But now it's time to let you go
But I will not be broken
No, I will not be broken
But keep the slowly fading memories, memories
I'm keeping these memories
But I can't run to you no more
To catch me when I'm falling
Well I know I have to let you go
But I will not be broken
For every tear, a lesson learned
Every good time, golden
But now it's time to let you go
And I will not be broken
And I will not be broken
No, I will not be broken
But keep the slowly fading memories
