

Someone New (Roosevelt Remix)

Kakkmaddafakka

I met your cousin and I asked for you
She said "No, I haven't seen her". I bet she's lying
You stopped texting me and popin by
I guess I'm curious, I guess I'm hurt now You got someone new
I'm just a jealous motherf**ker alone!
You got someone new
It makes me sad, but you deserve it I heard some rumours about you and your ex
I heard some rumours about Lars from Vamoos And Mario told me that you told him that you loved me
But you couldn't sit around and just wait for me
But who am I to talk? I always travel around
A new girl in every town But you're my Supergirl, and I feel like kryptonite
The situation makes me just wanna sing tonight You got someone new
I'm just a jealous motherf**ker alone!
You got someone new
It makes me sad, but you deserve it In the beginning I was that someone new
I'd love sneeking around and just hide away with you
We would meet at this tacky bar at the other side of town
Just so noone could find out about us two I bet you're booking hotels with him and going to France with him
Just to get away from me
It's just now that you're gone I find out I was wrong
When I told myself I didn't need you... You got someone new
I'm just a jealous motherf**ker alone!
You got someone new
It makes me sad, but you deserve it
