

# I Need You

Paris Hilton

I wanna put the happy  
In your birthday  
And I wanna be  
The merry in your Christmas  
I'm always giving thanks for you  
On every Thanksgiving  
Sure as the sun will rise  
I need you  
I wanna be the bunny  
In your Easter  
And I wanna kiss you  
Every New Year's Eve  
You'll bring my heart to life  
Make everything all right  
I thank God you came to me  
Every hour of the day  
Every day of the week  
I need you  
Every week of the year  
Every year of my life  
To kiss you, to love you  
To hold you, to hug you  
I need you, I need you  
Oh please  
I never lose sight  
Of the reasons that I love you

I wanna be your forever Valentine  
You make me the woman that I always wanted to be  
You make my life feel like a dream  
Every hour of the day  
Every day of the week  
I need you  
Every week of the year  
Every year of my life  
To kiss you, to love you  
To hold you, to hug you  
I need you, I need you  
Oh please

You are the light in my [?] of darkness

You are not right

[...]You are the light in my [?]

You are the baby in the [?]

I won't forget you rescued me

Every hour of the day

Every day of the year

I need you

Every week of the year

Every year of my life

TO kiss you, to love you

To hold you, to hug you

I need you, I need you

Oh please
