

# Forever

Lfo

Now I've always said that love  
Was nothing more but a waste of my time  
I've always thought I'd be above these feelings  
Always seem to miss in my mind  
I said you'd never catch me in the corner of my room  
Gazing at a picture of you  
And now that all don't mean nothin'  
'Cause everytime I think about thinkin', girl, I'm thinkin' of you  
And forever, for the rest of my life  
Through it all, girl, I'll be right by your side  
I'll give my heart, baby, I'll give you my mind  
I'll be the one that brings the joy to your life  
And if you're willing, girl, just give me the chance  
And I promise I will be a good man  
And forever, for the rest of my life  
I'll be right by your side  
And now the love you give to me is sweeter than  
The sprinkles on the top on mama's apple pie  
I know you know I'm in love  
When you're staring at the sparkle that appears in the corner of my eye  
You don't have to worry 'bout it, no, the things that I said before  
Because I'm so in love  
And there ain't nothin' gonna stop it now  
I'd bet it on the moon and the stars in the sky above  
And forever, for the rest of my life  
Through it all, girl, I'll be right by your side  
I'll give my heart, baby, I'll give you my mind  
I'll be the one that brings the joy to your life  
And if you're willing, girl, just give me the chance  
And I promise I will be a good man  
And forever, for the rest of my life  
I'll be right by your side  
I never thought that it could happen to me that I  
Could fall in love  
I can't believe it, baby, but I can see that you're  
You are the only one I'm thinkin' of  
It doesn't matter, baby, I don't really care no more  
As long as we're together  
Baby, I'll be right there, I won't go nowhere

I want your love forever  
And forever, for the rest of my life  
Through it all, girl, I'll be right by your side  
I'll give my heart, baby, I'll give you my mind  
I'll be the one that brings the joy to your life  
And if you're willing, girl, just give me the chance  
And I promise I will be a good man  
And forever, for the rest of my life  
I'll be right by your side  
And forever, for the rest of my life  
Through it all, girl, I'll be right by your side  
I'll give my heart, baby, I'll give you my mind  
I'll be the one that brings the joy to your life  
And if you're willing, girl, just give me the chance  
And I promise I will be a good man  
And forever, for the rest of my life  
I'll be right by your side  
And forever, for the rest of my life  
Through it all, girl, I'll be right by your side  
I'll give my heart, baby, I'll give you my mind  
I'll be the one that brings the joy to your life
