## **Rage of the King**

## **Labyrinth**

So, is this the end? Well, I won't forget Time will give me a chance To get my revengeOh, no, in the heart of kings There's no place for love Oh, Kathryn, won't you take my heart? Then I'll love no oneWherever you may go You'll never be alone Even beyond the seas You'll taste the rage of the kingNo, there is no escape From the hate I feel Blood, that's what I need Blood, so sweet to meOh no, in the heart of kings There's no place for love Kathryn, won't you come to me? Why you left me alone?Wherever you may go You'll never be alone Even beyond the seas You'll taste the rage of the kingWherever you may go You'll never be alone Even beyond the seas You'll taste the rage
