## **Moths**

## Lard

Spiral down the path Of least resistance Down a chute to a bed of nails That becomes a trampolineBouncing lost soulsEmperor Ludwig is with us From extreme to extreme So is Doctor TTechnicolor stairs and spires Fantasia trips and wires5,000 happy fingers Ready to play our songVortex recedes All I hear and see Echoes of my face and fears In a chamber of one way mirrors Voices from the drain Whisper like machines Now that you're in our dimension You'll never leaveTo leash and harvest thee Ahh, treasure gleamsDown, down to Bermuda Triangle Sink, sink 10,000 feet below Time to finally meet the zookeepers We let swallow us wholeMoths Light any flameThey fly right inDeep in Chinatown In New York CityDrop a coin into a cage Chickens dance on a hot plateHot foot round & round Til the wheel runs down That's you as we view Through our ceiling of glassKneel Al Jolson style Please, please Can I get a raiseCrawl, crawl through the steaming jungle Please, please more purple kool aid Tabloid beauty corpses point the way
