Kissing in Traffic

Ruth Theodore

Oh benny bear the soul you cage
thereâ€™s barely been a night
iâ€™ve not played a show til late and stayed
awake to watch you drive
so iâ€™m nothing love if not
on your side
through this howling wind thatâ€™s travelling
wherever you decide

â€˜cause i used to live for night life
now thereâ€™s nothing quite like
sitting at a red light
caught in your stare
knowing that iâ€™m going nowhere
cause as luck would have it
thereâ€™s something magic
about kissing in traffic
so send up a flare
cause i swear we might yeah
we might be getting somewhere

but benny listen to me
iâ€™m still shaking off the mud
from a love that all but buried me
a love that beat me up
but iâ€™ve got nothing love
if not guts
so no howling wind is scaring us
oh come and pick me up

â€˜cause i used to live for night life
now thereâ€™s nothing quite like
sitting at a red light
caught in your stare
knowing that iâ€™m going nowhere
cause as luck would have it
thereâ€™s something magic
about kissing in traffic
so send up a flare

cause i swear we might yeah
we might be getting somewhere

â€˜cause ounce for ounce
itâ€™s the best seat in the house
so pick me up pick me up
yeah and iâ€™ll give it up
sadness can eat my dust
eat my dust eat my dust

Oh benny bear the soul you cage
thereâ€™s barely been a night
iâ€™ve not played a show til late and stayed
awake to watch you drive

yeah cause ounce for ounce
itâ€™s the best seat in the house
so pick me up pick me up
yeah and iâ€™ll give it up
sadness can eat my dust
eat my dust eat my dust
