Moving On

Embodyment

You let me go, warmly
Turned my back, growing
And setting out, boldlyI'm making up for lost time
Coming home
I'm making up for lost time
Coming home
And I swear it's true
I need youSo take me back, hoping
Abandon ship, learning
Drop my guns, open
Tear my core, brokenI'm making up for lost time
Coming home
I'm making up for lost time
Coming homeDon't break my neck
Don't break my neck
Hold your own
Hold your ownDrink in deep, cherish breath
Moving on
Drink in deep, cherish breath
Moving onAnd I swear it's true
I need you
And you swear it's true
We're never throughBuild this up, stronger
Hold you close, always
