Might

Archers of Loaf

With all of my might,
With all of my might I do this.
It's a waste of my time to pursue this.
I'm so full of self-indulgence to think that you'd like this song.Jot it down and I stuck it in the basement,
Underneath the living room floor.
For some reason I don't think I'm gonna make it.
For some reason I don't think about it anymore.Get so bored with the radio, bored with the video.
You've got to make a _____, just to let'em know.
_____With all of my might,
With all of my might I do this.
It's a waste of my time to pursue this.
I'm so fucked self-indulgent to think you'd like this song.
