

# Vietnamese Baby

## New York Dolls

When I'm getting home to you  
I gotta show you what I can do  
But everything connects and that ain't nowhere  
Well, maybe they're just giving you all you've ever wanted  
And maybe you never-ever know what that was  
And maybe you're just finding it out now  
With a Vietnamese baby on your mind  
Technology satellite, well  
What's wrong today and why was  
Everyone so busy they've forgotten  
Why they're playing that, he said  
What's wrong today is what's wrong with you  
You're so solid, busy solid, that's all you do  
With a Vietnamese baby on your mind  
Your pretty little mind  
Match me your slingshot with  
Every life of Queens and I got to  
Show you more busted glass than any girl ever seen  
Since I been blasted, I've been blowin', I've been backing away  
You've got to back it away  
You've got to take a search of values, yeah  
But I've got a concert out to play  
With a Vietnamese baby on your mind  
Your pretty little mind  
Your pretty little mind  
When I'm getting home to you  
I've got to show you what I can do  
But everything connects and that ain't nowhere  
No-no-no  
Ah-baby, no-no-nowhere  
It just won't give out, no, no  
I'm talking about your overkill  
Talking bout your overkill  
Got to shout about your overkill  
Now that it's over, now that it's over  
Now that it's over, now that it's over, what ya gonna do?
