Feelin'

Johnny Kidd

(You do it to me baby, you do it all the time)
(You do it to me baby, you do it all the time)

You bring on that feeling
You bring on that thing
All I gotta do i se you baby
Well you make my heartstring twang
Ooh what a feelin' baby baby, Ooh what a feelin' baby baby,
Ooh what a feelin' baby baby, Uh huh huh

(You do it to me baby, you do it all the time)
(You do it to me baby, you do it all the time)

You make my heart so happy
You make my heart so gay
There's nothing like us being here
That makes us lovers sway
Ooh what a feelin' baby baby, Ooh what a feelin' baby baby,
Ooh what a feelin' baby baby, Uh huh huh

The room starts movin' around me
I just can't take too much
It's crazy when you're around me
You'd better keep back and baby please don't touch

My knees just turn to jelly
All my limbs get weak
And all that it takes to give me shivers and shakes
Is just to hear you speak
Ooh what a feelin' baby baby, Ooh what a feelin' baby baby,
Ooh what a feelin' baby baby, Uh huh huh

(You do it to me baby, you do it all the time)
Oh well you bring that feelin' down on me
Oh well you bring that feelin' down on me
Oh well you bring that feelin' down on me (etc)
