

Shadow Zone (Album Version)

Static-X

I get we gotta run
Make me take it
Take out the big one
I can't forget I cannot
See infect me Enter the shadow zone
I like it, slice it
This is your own world
Naked, resurfacing Shadow Zone
I come to realize
That I'm home now
But you can't see inside me
Shadow Zone
If I can't forget just
Leave me alone now
It's time to go out, shut down I'm sick of this mutation
All of this masturbation
It becomes my salvation
Taking it, taking it
