Stay Saved

Canton Jones

I'ma stay saved
I'ma stay saved
I'ma stay saved
Even though I'm hot as fire
I'm gon love you anyhow
I'ma stay saved
I'ma stay saved
I'ma stay saved
Even though I'm hot as fire
I'm gon love you anyhow
I'ma stay saved
Excuse me Mister me and wife was in front of the line dear, sir
I don't think it's right if I allow you to skip me
I just wanna keep peace, get some tickets to this movie
I'm tryin' to be discreet, sir
It's really not neat, sir
We all gon get a seat, sir and we all gon eat, sir
So please will you calm down
(Homey, put your arm down)
I don't want a showdown, but it's bout to go down, here we go
It's a nice night, why we just can't act right, just because I'm Christ like, doesn't mean I'm mice like
I'ma be the bigger man and let you bump me, cause it's eight of ya'll and ya'll probably gon jump me
And have me lookin' crazy in all in front of my company, man
I'm not go play the fool, chillin' is the right move
Let me think, I got a choice to make
Go to jail, go to hell, or stay saved
Baby, put the mace away
I'ma stay saved
Ain't gon start fussin'
I'ma stay saved
Ain't gon start cussin'
I'ma stay saved
Even though I'm hot as fire
I'm gon love you anyhow
I'ma stay saved
Ain't gon start fussin'
I'ma stay saved
Ain't gon start cussin'
I'ma stay saved

Even though I'm hot as fire
I'm gon love you anyhow
I'ma stay saved
I ordered a number 9, you gave me a number 4, you forgot to super-size and forgot my apple pie
So Miss, if you'd be so kind, I am sorta pressed for time, will you take this number 4 and switch it with a number 9
(Go to the back of the line)
Ma'am, you got me messed up
I have an important meeting, why you think I'm dressed up
Gator shoes and vest up

If I go back I'll be late
Ma'am if you can just give me a refund, that would be so great
What you bout to go on break?
Can I get my money first?
You ain't gotta get loud and Miss you ain't gotta curse
Can I see the manager before this thing gets any worse
Oh, you the manager?
Well, I don't want the sandwich, yo
I don't want the money either
I just think I'll walk away
Before I start fussin' back, say something I don't wanna say
Gotta stay prayed up, cause people'll test you
She still cussin', see you later, God bless you!
I'ma stay saved
Ain't gon start fussin'
I'ma stay saved
Ain't gon start cussin'
I'ma stay saved
Even though I'm hot as fire
I'm gon love you anyhow
I'ma stay saved
Ain't gon start fussin'
I'ma stay saved
Ain't gon start cussin'
I'ma stay saved
Even though I'm hot as fire
I'm gon love you anyhow
I'ma stay saved
When I'm driving on 285 and somebody cut me off, and flip me the bird
I'ma stay saved
When I'm playin', ballin', they foulin', doggin'
I hit the floor, and get up, won't say a word
I'ma stay saved
When I'm walkin' through the mall, with my wife and somebody still attemptin' to catch her eye

I'ma stay saved
When I go to the refrigerator and somebody done ate my sweet potatoe pie
I'ma stay saved
Ain't gon start fussin'
I'ma stay saved
Ain't gon start cussin'
I'ma stay saved
Even though I'm hot as fire
I'm gon love you anyhow
I'ma stay saved
Ain't gon start fussin'
I'ma stay saved
Ain't gon start cussin'
I'ma stay saved
Even though I'm hot as fire
I'm gon love you anyhow
