

Cooling (B-side Version)

[Tori Amos](#)

Maybe I didn't like to hear
But I still can't believe speed racer is dead
So then I thought I'd make some plans
The fire thought she'd really rather be water instead And piggy got a message for me from Jesus
And I've heard every word that she was saying
And I know I have been driven like the snow But this is cooling faster than I can
This is cooling faster than I So then love worn down to like
Instead I knew that you don't like me much, let's go for a ride
This ocean is wrapped around that pineapple tree
And is your place in heaven worth giving up
These kisses, these yeah, these kisses And piggy got a message for me from Jesus
And I've heard every word that you have said
And I know I have been driven like the snow But this is cooling faster than I can
This is cooling faster than I
This is cooling, this is cooling
This is cooling, say that, "This is cooling"
