

Orca

Wintersleep

"I'll be a killer whale,
when I grow up, I'll be a vulture
I'll be an animal, A carnivore,
I'll be a monster
Clenching my jagged jaws
Over the captured
I'll be a killer whale when I grow up

I'll be a tidal wave when I grow up
Crashing on harbors
I'll be a temperamental element
A raging water
I'll be a perfect storm swallowing over
I'll be a killer whale
When I grow up, I'll be a monster

I'll be a hurricane when I grow up
An ugly thunder
I'll be a forest fire about to flood
Over an empire
I'll be an avalanche chewing it's raptured
I'll be a killer whale
When I grow up I'll be a MONSTER

I'll be a killer whale
