## Superhumanoids

I stay awake the same way you do  
Feel restless, am I supposed to?  
Can I persuade you to repeat, renew  
Devoted, see throughCan I take you away  
Out of it  
Said you wanted change  
What's they delay?  
Are you curious  
About what would change  
If you let me come close  
What's the delay?  
What's the delay?  
I stay alive the same way you do  
Feel reckless and not opposed to  
The redesign standing next to you  
Head covers your tattoo  
Can I take you away  
Out of it  
Said you wanted change  
What's they delay?  
Are you curious  
About what would change  
If you let me come close  
What's the delay?  
What's the delay?What's the delay?
