

# If It Takes A Lifetime

## Cheap Trick

If you think my name  
What gives you the right?  
Couldn't take the place  
To be with you tonight, yeah When I fall asleep  
Oh, while I dream all night  
No matter where I go, yeah, oh  
Can't you see, what you're doing to me? All I want to do is just be with you  
If it takes a lifetime, I'll wait for you  
All I want to do is just be with you  
If it takes a lifetime, I'll wait for you Get closer, close to me  
Got stories I can't speak  
Got secrets I can't keep  
Can't hide what you're doing to me, yeah Now all I want to do is just be with you  
If it takes a lifetime, I'll wait for you  
All I want to do is just be with you  
If it takes a lifetime, I'll wait for you I've had better days but I'd never wait so long When I fall asleep  
While I dream all night  
No matter where I go  
[Incomprehensible], what you're doing to me? I sleep awake  
All day all night  
And I dream of you , I dream of you  
But I can't believe it's true, yeah All I want to do is just be with you  
If it takes a lifetime, I'll wait for you  
All I want to do is just be with you  
If it takes a lifetime, I'll wait for you I've had better days but I'd never wait so long
