If I Let You In

Perry Blake

If I let you in. I'll never let you out
If I let you in. I'll never let you out
If I let you in. I'll never let you out
Never let you outBlessed are the few who live and die for love
I can see their footsteps in the sandIf I let you in. I'll never let you out
If I let you in. I'll never let you out
If I let you in. I'll never let you out
Never let you outWinter watches over us as we decide
I can see the twilight in your eyes and mine
