

# Shelter (Milhouse Remix)

## The xx

I find shelter, in this way  
Under cover, hide away  
Can you hear, when I say?  
I have never felt this way Maybe I had said, something that was wrong  
Can I make it better, with the lights turned on  
Maybe I had said, something that was wrong  
Can I make it better, with the lights turned on Could I be, was I there?  
It felt so crystal in the air  
I still want to drown, whenever you leave  
Please teach me gently, how to breathe And I'll cross oceans, like never before  
So you can feel the way I feel it too  
And I'll mirror images back at you  
So you can see the way I feel it too Maybe I had said, something that was wrong  
Can I make it better, with the lights turned on  
Maybe I had said, something that was wrong  
Can I make it better, with the lights turned on Maybe I had said, something that was wrong  
Can I make it better, with the lights turned on
