

# The Eagle Nature

## Cynic

Learning, discerning, how to arrange  
Thinking the haze will just not clear  
Viewing, computing, our minds will stage  
A vehicle inside we feel the eagle nature  
Ever changing river flows high and low  
Panoramic vision is undefined  
For unfocused consciousness  
The eagle nature  
Precaution for a stream of risk  
The eagle nature, it sees changes clear  
A crystal goblet so fragile and dear  
Needs fill one step at a time  
Noting the fall of a sparrow  
Attending the slightest scratch of flesh  
Earthly ambitions weigh their share  
The vastness of life, it doesn't care  
A crystal goblet so fragile and dear  
Needs fill one step at a time  
Earthly ambitions weigh their share  
The vastness of life does not care
