Spoiler (Instant Death Ray mix)

Rosetta Stone

you've got a blind spot
i've had what you want
i've fucked the whole lot
too bad there are the have and have nots
no use chasing it
your time you're wasting it
time you started facing it
i just came along for the ride
hide
lies
screwing you and i from inside
stained
drained of blame i'm sick of taking
on heat like swine beneath my skin you creep you crawl
you check i'm in
you'd hold your breath to hear it all
even if it kills me i will bring about your downfall
you've clearly got something to hide
