

# Scourge of the Bleeding Haunted

## Fleshcrawl

Through the mist of foreign ground  
Scattered souls of tales untold  
Once forgotten scathing eyes  
By damnation, lost in lifeSeeking the void  
The last one destroyedScourge of the bleeding haunted  
Death and disdain, forever in pain  
Scourge of the bleeding haunted  
Revel in hell, bloodshed will tellStaring into evil eyes  
Fear beyond the truth will rise  
Slavery of maggots reigns  
Tortured human flesh remainsOnce and for all  
Covered in sin  
Tainted in blood  
The scourge of never ending painCaught inside the soul war  
Trapped in burning graves  
Suffer, bleed and slowly  
Die a thousand deaths
