Over It

Stephanie Smith

Keep your distance, stay away
You left me alone for a while
So it's with today
You invade my space, showing up unannounced
I don't wanna see your face so
I suggest you go the other way
Give me the time I need to be okay
Go back to where you came fromWhoa, I'm over it
I'm so over it
And you, you really need to quit
You just need to quitIt was you who broke my heart
You left me alone by myself when I had to start
All over again in a place where you knew that you
Were my only friend so
This is my crew now make your own
Thought you knew that but I guess I should've known
I'm not picking a fight
But if I may say so, I got every rightWhoa, I'm over it
I'm so over it
And you, you really need to quit
You just need to quit
Trying to be friends and tying up loose ends
Leave me alone 'cause you know I'm so
Oh I'm so over itWhoa, I'm over it
I'm so, you know I'm so so
And you, you really need to quit
You just need to quitWhoa, I'm over it
I'm so over it
And you, you really need to quit
You just need to quit
Trying to be friends and tying up loose ends
Leave me alone 'cause you know I'm so
Oh I'm so over itI'm so, you know I'm overWhoa, I'm over it
I'm so over it
And you, you really need to quit
You just need to quit
Trying to be friends and tying up loose ends
Leave me alone 'cause you know I'm so
Oh I'm so over itI'm so, you know I'm over

So so, you know I'm over
So so, you know I'm over it
